Energize, Inc.  
5450 Wissahickon Avenue  
Philadelphia, Pennsylvania 19144

Dear Susan and Staff,

With PLNJ approaching their seventh year outreaching to children across our state and in partnership with international child-based relief organizations, I'm taking time to reflect on those associations, sponsors and industry pros who have been (and continue to be) highly instrumental in our volunteer success rate and agency growth.

Energize Inc. remains a true "silent partner" in our ability to recruit volunteers, share resources, gain knowledge and stay connected to a global community of giving. Energize Inc. is a fabulous learning tool!

It is my sincere pleasure to acknowledge you and your staff for helping a grassroots organization like Project Linus NJ, Inc. propel from eight friends who craft for charity to a volunteer corps of 5,700.

In honor of your dedication to the non profit industry, we are coordinating a delivery of 100 handmade blankets to children undergoing treatment and care at The Children's Hospital of Philadelphia during our September campaign, "*Fall in Love With Volunteerism.*"

At PLNJ, we say "*partners in healing, on a mission of hope.*" Your philosophy defines that belief for thousands of people around the world. Much continued support, innovation and volunteer spirit to you and your team.

Your friends at PLNJ,

Hillary Roberts,  
President
